

Fachgruppe Biogas Weckelweiler

in cooperation with:
the State Institute of Agricultural Engineering and Bioenergy,
University of Hohenheim, Stuttgart, Germany

International Biogas Training Course

September 20 – 24, 2010 – University of Hohenheim, Stuttgart

Monday, 20 September 2010

Registration

- Welcome to the seminar
- Current situation and prospects of frame conditions for biogas technology in Germany and Europe.
- Introduction into calculation and feasibility studies

Lunch

- Introduction into design, planing and process engineering, Part I
- Design, planing and process engineering, Part II

Discussion – End of the day

CDM seminar: Tuesday, 21 September 2010 (can be booked seperately)

- Introduction into CDM (Clean Development Mechanism) at biogas projects
- Lagoon based Biogas Plant in China

Lunch

- Experiences with the implementation and realisation of world wide CDM projects
- Recognizing and avoiding of pitfalls in the CDM validation and verification process
- Biogas Plant Investment Support through Emission Trade Systems

Discussion – End of the day

Wednesday, 22 September 2010

- Substrat-Input, Gas yield according to the substrates
- Organic waste and fermentation technology

Lunch

- Process and external heat and gas engineering, Cogeneration to heat and power
- Biogas specific building materials

Discussion – End of the day

Thursday, 23 September 2010

- Report on current scientific results at the University Hohenheim
- Fundamentals of biological process control & In Situ Process Control

Lunch

- 1/2 -day study tour

End of the day

Friday, 24 September 2010

- Safety features of biogas plants and equipment
- Biogas treatment: cleaning and desulfurisation

Lunch

- Biogas upgrading to biomethane (Co₂-extraction) for grid injection and utilisation in vehicles
- Ecological manure management

Discussion – End of event

IBBK Fachgruppe Biogas GmbH * Am Feuersee 6 * 74592 Kirchberg/Jagst

Fachgruppe Biogas Weckelweiler

in cooperation with:
the State Institute of Agricultural Engineering and Bioenergy,
University of Hohenheim, Stuttgart, Germany

Programm is subject to change

Conditions of participation

Registration is required in writing per post, fax or E-mail. After receiving your complete registration, we will send you the confirmation and bill by e-mail. Registration is legally binding. Written cancellations are possible until September 13, 2010. Upon cancellation payments made up to that time will be refunded except for an administration charge of 100 €. After September 13 refunds are no longer possible. Late registrations which are cancelled are billed in full. In case of late cancellations we gladly accept a substitute participant.

The *number of participants is limited*, therefore a timely registration and prepayment is required no later than September 13, 2010. After that deadline participation is only possible upon request.

You will receive the course details after your registration.

Participation fees per person:

The complete price for the training course is **1150 Euro +19% VAT**.

Included are

- extensive documentation,
- beverages during the course,
- lunch with beverages,
- excursion and entrance fees (booking the complete course)

Not included are

- travel to Stuttgart and from Stuttgart
- accommodation
- further meals and beverages.

CDM seminar on Tuesday can be booked seperately: 290 Euro + 19% VAT (please find a seperate registration form on our website).

Special rate for booking biogas training course & study tour: 1990 Euro + 19% VAT (please registrate on a seperate form for the study tour)

Registration form

for the Biogas Training Course, September 20 - 24, 2010

at the University of Hohenheim, Germany, Tropenzentrum, Garbenstr. 13, lecture room 20
